TRIBUTE TO CULTURE AND
FAME, LIFE AND LOVE.**

Yuvi has a gift for communication which is bound up with his love of colour, his positive personality, and his warm hearted attitude to the people around him. The animation and vibrancy in each of his works takes us straight back to the streets which inspired them, and has won him exhibitions and admirers in places as diverse as New York and New Delhi.

LIMITED EDITIONS

With this exuberant collection of signed limited editions, Yuvi redefines the art of the street in his own distinctive language. Each image features one of the world's most beloved icons, taking stage in a world where pop art and pattern, playing cards and patriotism create a controlled explosion of colour.

Born in Tel Aviv - 'the other city that never sleeps' - in the 1970's, Yuvi spent much of his early life in a hipster neighbourhood known as Florentine which is now the heart of the city's graffiti scene. He grew up surrounded by graffiti, music, politics and the social agenda of a city with a hugely cosmopolitan character. All these influences combined to ignite his imagination and direct his creative and tempestuous personality into highly expressive and vibrant artistic statements.
